NEWS RELEASE
4,000 Alberta students explore their future at CAREERexpo

April 26, 2018

CAREERS: The Next Generation, a non-profit, charitable organization, organizes the CAREERexpo. Now in its 11th year, the one-day event gives high school students a chance to discover career opportunities in their community. Young people can meet with industry leaders, talk with post-secondary education providers and visit several hands-on, interactive exhibits and activities.

“CAREERexpo is a one-stop shop for central Alberta’s young people to check out multiple opportunities. We know that our youth are asked questions like: what are you going to do with your life or what are you going to be? The record high registration tells us young people need support to answer these questions – we are happy to help.”

-Andy Neigel, CAREERS President & CEO
